

## Citizens United to Protect the Maurice River and Its Tributaries, Inc.

**Mission:** CU Maurice River is dedicated to protecting the watershed of the Maurice River and the region known as Down Jersey, thereby enabling current and future generations to enjoy the environmental, recreational, cultural, and scenic resources of this Wild & Scenic global treasure. CU invites participation and fosters responsible stewardship. CU supports education, awareness, and informed decision-making utilizing field work, research, and advocacy.

**Founded 1979, non-profit organization 1986**

*CU Maurice River was the driving force behind the designation of 35 miles of the Maurice River and its tributaries — the Menantico, Manumuskin and Muskee — as nationally recognized Wild and Scenic Rivers by the National Park Service (NPS) in 1993.
